RE: Support of S. 4117, The Paycheck Protection Program Small Business Forgiveness Act

Dear Senators Cramer and Sinema,

On behalf of 27 million self-employed and micro business owners, the National Association for the Self-Employed (NASE) offers its full support of S. 4117, *The Paycheck Protection Program Small Business Forgiveness Act*.

We appreciate this bipartisan legislation that ensures our nation's small business owners and self-employed can focus their time, energy, and resources back into their business and communities instead of allocating significant time into completing complex forgiveness forms.

We look forward to working with you to advance this important piece of legislation that ensures that America's self-employed are supported as they recover from the economic impact of COVID-19.

Respectfully,
Keith Hall
President and CEO
National Association for the Self-Employed
